STRUCTURED SUMMARY

Address-level context for Rosedale-Moore Park

KEY TAKEAWAY

These figures describe records published by the identified public data sources. They do not predict future events or provide a safety verdict.

Within 1000m of this address, the report found 1076 crime records for Apr 1, 2025–Mar 31, 2026 and 382 permit records for May 21, 2025–May 20, 2026. The most frequently recorded categories were Assault, Break and Enter, Theft Over. The nearest listed transit stop is Yonge Station - Westbound Platform, approximately 93m away.

§ 05 Neighbourhood *Read.*

Signals to use and questions to investigate.

HELPFUL NEIGHBOURHOOD SIGNALS

What may be useful.

Transit access

Yonge Station - Westbound Platform is approximately 93m away.

Nearby green space

Harold Town Park is approximately 84m away.

Street-tree context

243 City-maintained trees are mapped within 250m.

Cycling network

9.8km of mapped transport cycling infrastructure falls within 1000m.

THINGS TO INVESTIGATE

What deserves follow-up.

Reported-crime comparison

The primary neighbourhood's rate is 1.29× the Toronto comparison. Review categories and timing in §04.

Nearby development activity

349 building permits are shown within 1000m.

Heritage status

This address is not on the City's heritage register and is not within a Heritage Conservation District. No Ontario Heritage Act alteration or demolition controls apply at this location.

Front-yard parking

Confirm current City requirements if front-yard parking matters to the decision.

311 data scope

Service-request patterns describe the wider University-Rosedale, not this individual address.

How to read these sources

The sources overlap and their counts must not be added. Physical points are a mapped baseline; the street inventory primarily covers City-managed road-allowance trees. Neither source confirms ownership or canopy coverage.

§ 17 **Cycling *Network.***

City centreline records clipped to the report radius.

9.8km of mapped cycling routes.

ROUTE ENVIRONMENT

Dedicated tracks and lanes	8.6 km
Shared or signed routes	1.2 km
Multi-use trails	1.3 km

How to read these kilometres

These are centreline kilometres, not lane-kilometres. They describe mapped route geometry, not current availability, condition, comfort or a safety rating.

§ 18 Proximity *Profile.*

Distance to nearest civic amenities · walk times estimated.

NEAREST OF EACH TYPE · FROM 789 YONGE ST

Facility	Distance	Est. walk
SUBWAY		
Yonge Station - Westbound Platform	93m	~2 min
BUS STOP		
Yonge St at Scollard St	117m	~2 min
PARK		
Harold Town Park	84m	~2 min
FIRE STATION		
Station 312	181m	~4 min
LISTED POLICE FACILITY		
Headquarters	1176m	~20 min
HOSPITAL / HEALTHCARE		
Sunnybrook Health Sciences Centre	839m	~14 min

§ 19 Methodology.

Where this data comes from and what it means.

How we read your address.

The entered address is matched against Toronto's official address registry. The matched coordinates anchor every spatial query; distances use straight-line geometry unless a walking estimate is explicitly labelled.

CLASS 1

LOCATION-BASED · RADIUS-SCOPED

Events, permits and mapped features tied to locations within the report circle.

- Crime and fire incidents
- Building permits and parking
- Cycling and street trees
- Schools and proximity points

CLASS 2

ADMINISTRATIVE · AREA-SCOPED

Published at a boundary level and attributed to the primary neighbourhood.

- Population and density
- Income and renter share
- 311 ward totals
- Census 2021

What this report is not.

- Real estate, financial or legal advice.
- A prediction of future events, prices or change.
- A complete picture of every possible data source.
- A composite score or description of residents.

§ 20 **Active Data Sources.**

Fourteen public datasets currently represented in this report.

Source	Class	Refresh
Toronto Police Service - Major Crime Indicators	1	Quarterly
